MONTHLY NEWSLETTER

## FROM THE PROPRIETRESS' DESK

### Greetings from the Page Schools Team!

It's been quite an exciting month of January in Page Schools with our pupils settling in after the fun-filled Christmas break.

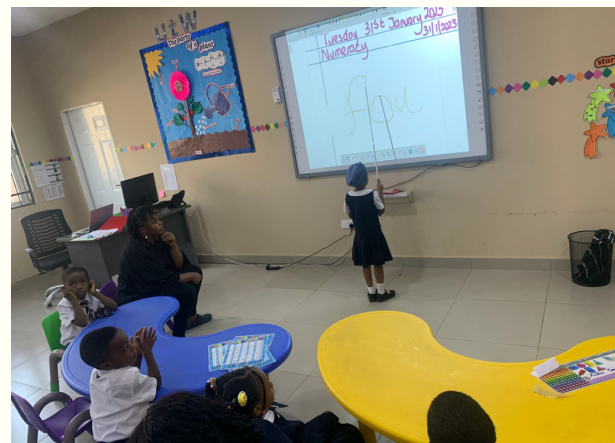

We are back to our school routine with a deepening of the curriculum. Our Parents workshop was a success and look forward to more engaging events with our Parents.

Club activities are in full gear and the children are excited and fully engaged in their respective activities of choice. It is amazing seeing the potentials inherent in our pupils. I bet you, 'Page Schools Got Talents'!

We look forward to an even more exciting and rewarding month of February with all the fun and learning activities lined up in the Early Years and Primary Sections.

At Page Schools, we are always 'Nurturing For Excellence'.

**Gertrude Ogbeche (Mrs)**

# EARLY YEARS CORNER

## Greetings Our Esteemed Parents,

It has been an awesome and amazing first month, which we are ending with a messy play date with our early years Children.

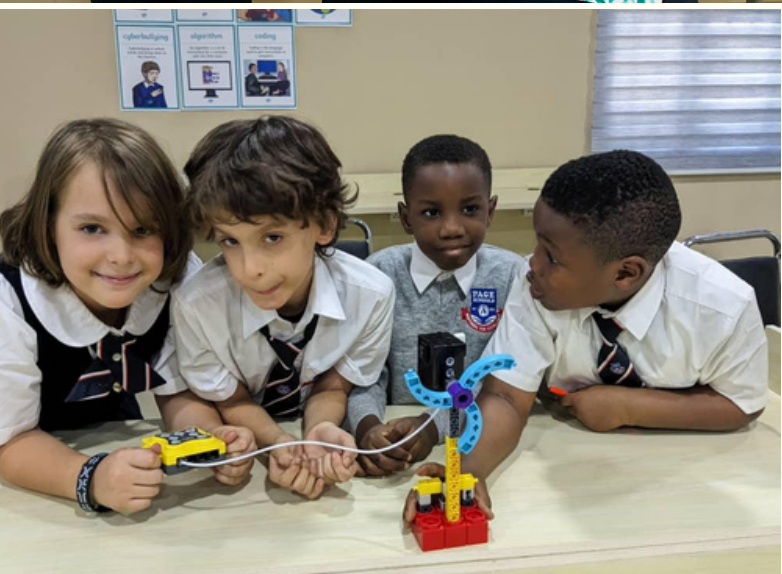

Next month promises to be more exciting as the Children continue to explore the world of animals with our planned visit to the Zoo (Excursion).

We will also be looking at day and nighttime activities with nocturnal animals (Animals that are active at night), for the lower Early Years Class and life cycle of a plant, parts of a plant and what plants need to survive for Reception class.

It is important you ensure continuous guidance of your child(ren) at home especially with the homework, this will enable us enhance their learning skills.

# PRIMARY CORNER

## Google Classroom/Flip Ticket

Page Schools Google Classroom Page is up and running. Resources will be uploaded every weekend to enable Pupils explore content that will be taught the following week.

The school's IT team is available to enable Pupils set up their pages and navigate the platform.

---

## Excursion

The Primary Pupils will be going on excursion on the 9th of March 2023. They will be visiting Shoprite, Apo to shop for items. This excursion seeks to reinforce the topic 'MONEY' in mathematics class and 'WANTS AND NEEDS' in Social Studies class.

Pupils will practicalise the concept of using Money as a means of exchange and being able to calculate change as well as procuring items based on needs not wants as a skill.

---

## Assessment

Pupils have tested formatively with rubric worksheets and projects. They will start their mid-term test on Thursday/Friday, 16th/17th February, 2023

# HOME COMMUNICATION -THE COMMUNICATION BOOK

The Communication book remains an invaluable asset of Page Schools as a means of our day-to-day Communication with Parents. Our Pupils development in Page Schools is holistic with the home playing a major role.

Parents are encouraged not to relent in the use of the home-link tool as part of their role in the development of their children. We expect Parents to guide their Children with the homework and sign the Communication accordingly on a daily basis as this forms part of the Child's overall assessment.

## USE OF LIBRARY

As part of the Children's development, they are taught to cultivate an excellent reading culture. The use of the Library is an integral part of our education in Page Schools. Pupils borrow reading books daily, which are taken home and returned the following day. The children are expected to read and retell the stories in class. All books borrowed are to be returned the following day. Parents are to ensure the books are not damaged or lost.
